# Certificate III in Aviation (Remote Pilot)

## AVI30419

Gain the skills needed to operate remotely piloted aircraft systems (RPAS) for commercial or business purposes without any weight or operating restrictions.

Experience real-life job tasks under the guidance of our experienced unmanned pilots.

There is a strong focus on non-technical skills, such as communication, teamwork, decision making and situational awareness. Aerial photography and mapping techniques are also covered.

Course cost includes a mini drone to take home and a 12 month membership with the Australian Association of Unmanned Systems (AAUS).

### CORE UNITS

- ✔ Operate aeronautical radio
- ✔ Manage human factors in remote pilot aircraft systems operations
- ✔ Apply the principles of air law to remote pilot aircraft systems
- ✔ Navigate remote pilot aircraft systems
- ✔ Perform aerial mapping and modelling using remote pilot aircraft systems
- ✔ Perform operational inspections on remote operated systems
- ✔ Operate and manage remote pilot aircraft systems
- ✔ Control remote pilot aircraft systems on the ground
- ✔ Launch, control and recover remotely piloted aircraft
- ✔ Operate multi-rotor remote pilot aircraft systems
- ✔ Perform infrastructure inspections using remote operated systems
- ✔ Work effectively in the aviation industry
- ✔ Manage remote pilot aircraft systems energy source requirements
- ✔ Apply situational awareness in remote pilot aircraft systems operations

### ENTRY REQUIREMENTS

- ✔ Minimum age of 15
- ✔ Recommended completion of Year 10 or equivalent

### MODES OF STUDY

- ✔ 80 hours of online self-study
- ✔ 7 days face-to-face training including a minimum of 10 hours of practical training

### LOCATION

- ✔ 1 day theory training at Aviation Australia, Brisbane Airport
- ✔ 6 days practical and theory training at Remote Aviation Australia, Sumner

### QUALIFICATIONS

On successful completion of the course, you will receive:

- ✔ Certificate III in Aviation (Remote Pilot) AVI30419
- ✔ Remote Pilot Licence (RePL) - subject to CASA approval and issuance
- ✔ Aeronautical Radio Operations Certificate (AROC)\*
- ✔ English Language Proficiency Test Certification (ELP) - CASA requirement

\*AROC will not be issued to people under 17 years old.

# Why train with Aviation Australia?

As a leading aviation training provider we deliver:

✓ **EXPERT TRAINING**

Our instructors are industry leaders with thousands of hours of flying experience operating both manned and unmanned aircraft

✓ **FLEXIBLE TRAINING APPROACH**

Everyone learns differently! We will adjust our teaching methods to suit the individual as much as possible

✓ **EXCELLENT VALUE TRAINING**

Everything you need to become certified and successfully gain your qualifications at a competitive price

## COURSE COST

\$3,950

Funding is available for eligible applicants under the Certificate 3 Guarantee.

✓ **Co-Contribution Non-Concessional Fee**

\$1,518

✓ **Co-Contribution Concession Fee**

\$1,214

Note: Prices subject to change without notice.
